SUMMARY

Recent graduate possessing a degree in business with a concentration in finance, with a strong foundation in data analytics, accounting, financial reporting, and technology. Proficient in financial software including Microsoft Excel, SQL, and Salesforce, with hands-on experience in account reconciliation, variance analysis, and audit-ready documentation. Skilled at transforming financial data into actionable insights to improve reporting accuracy and operational efficiency. Recognized for attention to detail, analytical thinking, and the ability to collaborate effectively across teams to support compliance, forecasting, and decision-making processes. Currently seeking full-time opportunities in finance, data analytics, or accounting where I can apply my analytical and technical skills to support organizational goals.

EDUCATION

New Jersey Institute of Technology
Bachelor of Science in Business (Concentration in Finance and Data Analytics)
GPA 3.379 / 4.00
Member of Fintech Club (2023/2025), North African Society (2024/2025), and Iranian Cultural Association (2024/2025)

September 2020 - May 2025
Newark, NJ

WORK EXPERIENCE

Client Account & Reporting Analyst
Captain Investor Capital LLC

June 2020 - Present
Baltimore, MD

- Managed client accounts, receivables, and end-of-term settlements, ensuring accuracy in billing, revenue recognition, and reconciliation.
- Performed variance analysis and prepared financial statements in accordance with GAAP principles and company policy.
- Developed and maintained aging schedules to monitor overdue invoices, improve days sales outstanding, and enhance cash collection efficiency.
- Prepared audit and compliance documentation to support leadership during internal reviews and financial audits.
- Partnered with senior management to implement process improvements that increased reporting accuracy and operational efficiency.

Sales and Account Support Associate
Market Source

May 2021 – Dec 2021
South Plainfield, NJ

- Collaborated with finance and sales teams to improve cash application accuracy, streamline communication, and reduce billing discrepancies.
- Supported billing, receivables tracking, and payment collections, maintaining detailed transaction logs for internal audit purposes.

Lending Operations Intern
Unity Bank

June 2023 – Aug 2023
Clinton, NJ

- Supported accounts receivable and collections operations, ensuring timely reconciliation of client payments and accuracy.
- Developed proficiency with Excel, account reconciliation systems, and document control procedures.
- Processed adjustments, credit memos, and journal entries in alignment with SOX compliance and internal control standards.
- Collaborated with cross-functional teams to resolve discrepancies and prepare audit-ready financial reports for management.

PROJECTS

Car Buddies | *Excel, Python, Tableau, Financial Modeling*

Jan 2024 – Present

- Designed a subscription-based financial model forecasting 600 yearly memberships at \$3.99 each; built detailed revenue and cost projections.
- Developed procedures for contract terminations, refunds, and billing adjustments at end of service terms.
- Created financial reporting templates to evaluate profitability and improve forecasting accuracy.
- Implemented process-improvement and compliance tracking methods to ensure accurate reporting and customer transparency.
