September 2020 - May 2025
Newark, NJ

WORK EXPERIENCE

Client Account & Reporting Analyst
Captain Investor Capital LLC

September 2023 - Present
Baltimore, MD

- Managed 15+ client real estate accounts, overseeing receivables, end-of-term settlements, and reconciliation processes to ensure billing accuracy.
- Monitored transaction workflows to identify discrepancies and implement corrective actions to minimize operational disruptions.
- Developed and maintained aging schedules to monitor overdue invoices, improve days sales outstanding, and enhance cash collection efficiency.
- Prepared audit and compliance documentation and performed bookkeeping to align projects with company standards.
- Collaborated cross-functionally to resolve processing delays and improve turnaround times in time-sensitive environments.

Lending Operations Intern
Unity Bank

June 2023 – Aug 2023
Clinton, NJ

- Supported daily backend loan and deposit operations, ensuring accurate reconciliation of accounts and timely processing of transactions.
- Utilized Excel and internal systems to track transaction activity and maintain data integrity across loan and deposit operations.
- Reviewed account activity to identify discrepancies, investigate root causes, and resolve issues to minimize operational risk.
- Contributed to process improvement initiatives aimed at enhancing operational efficiency and reducing processing errors.

Sales and Account Support Associate
Market Source

May 2021 – Dec 2021
South Plainfield, NJ

- Collaborated with finance and sales teams to improve cash application accuracy, streamline communication, and reduce billing discrepancies.
- Provided customer support in a fast-paced environment, assisting clients with product selection, account inquiries, and service-related issues.
- Supported billing, receivables tracking, and payment collections, maintaining detailed transaction logs for internal audit purposes.

PROJECTS

Financial Operations Dashboard | *Excel, Power BI, Tableau*

- Built a financial ops dashboard analyzing 10,000+ billing transactions to track payment processing timelines and outstanding receivables.
- Built KPI tracking models to monitor metrics such as payment turnaround time, outstanding balances, and transaction processing volume.
- Identified workflow bottlenecks by analyzing operational data and proposed process improvements to improve billing cycle efficiency.
- Created automated reports and visual dashboards to improve visibility into financial operations and support data-driven decision making.
